Once the date specified in your contractual agreement for access to MHAS restricted data has passed, you are required to return or destroy the original restricted data and all derived data files.

If you choose to destroy the data, we will need a counter-signed statement confirming the destruction of the restricted files.

If you would like to retain access to MHAS restricted data, you will need to provide the following information to us.

1. Detail of changes or modifications in the research and/or data protection plans.

2. Progress report, including a justification of why an extension is needed.

3. References for any papers, publications or presentations using the restricted data.

4. Proof of current IRB approval (these must be renewed annually with local IRB throughout the course of the project; only a copy of the current renewal is needed).

5. Updated list of authorized users under the agreement. A Supplemental User Agreement must be completed and signed for each new user (Form #7 (2), included below). To remove an authorized user from your project, submit a Supplemental User Termination Form (Form #7 (3), included below).

6. Complete address information (state, city, street, building, office/room number) for data storage (servers) and workstations.

If you have questions about the renewal process, contact:
